

CHILLBRITE™ UNDER SHELF LIGHTING INSTALLATION INSTRUCTIONS

Instructions for installing under shelf lighting on a Zero Zone Reveal Merchandiser®.

Instructions

1. Position the under shelf light on the bottom of the shelf with the cord towards the left side of the shelf (See Figure 1).
2. Attach the under shelf light to the shelf using the magnets that built into the light stick body (See Figure 1).
3. After installing the shelf, plug the cord into the nearest duct pocket under the shelf (See Figure 2).
4. Mount the cord to the shelf bracket. Slide and rotate the magnets on the cord as needed. (See Figure 2).
